

AMOL LONDHE

I am a recent graduate with a Bachelor's degree in Computer Science, eager to bring my skills and knowledge to the workforce. My coursework included a variety of programming languages such as Python, Java, and C, as well as experience with software development and database management. I am highly motivated and adaptable, with a strong interest in learning new technologies and staying up-to-date with industry trends. I am excited to begin my career and make a positive impact in the field of computer science.
